

# GET OUT YOUR CAMERAS GROVE!

The City of Grove has been creating a Comprehensive Plan for several months. There has been great participation by the public and we want to continue to get your input. Therefore, we are reaching out to our residents to help find the perfect photographs of our City that showcase the wide-range of experiences in GROVE! Selected photos will be included in the Comprehensive Plan.

Please share what is special to you about GROVE in your favorite images. Photos can be anything that represents the history, community life, open spaces, recreation, arts, culture, architecture, homes or anything that embodies the spirit of what living in GROVE means to you.

Submit your photos via email to [dbottoroff@cityofgroveok.gov](mailto:dbottoroff@cityofgroveok.gov) or [lbergey@ibts.org](mailto:lbergey@ibts.org) for a chance to be featured in the final plan. Photos must be submitted with photographer's name, contact number and location of photo.

If photos are taken via a cell phone, the photo must be submitted *Actual Size*. The preferred photo should be high resolution and at least 300 dpi; images with resolution lower than this will not enlarge and print clearly.

**All submissions will be entered in a drawing for a chance to win prizes!**

**Submit your photos by October 1, 2020**
