## I. INTRODUCTION

The City of Grove, Oklahoma ("City") is issuing this Request for Qualifications (RFQ) to solicit interest from prospective qualified firms for architectural and design services. Those firms submitting will be considered to be included on a pre-qualified list of qualified and competent firms for municipal architectural and design services to prepare a Public Safety Facility Design Plan to include information as identified in the enclosed Scope of Work (Exhibit 4).

The City is issuing this RFQ in accordance with applicable laws that allow an agreement with a private entity that displays demonstrated competence and qualifications to perform architectural and design services for the City.

An evaluation committee ("Committee") will evaluate the submitted qualifications in two stages. The Committee will evaluate the qualifications of all submissions to determine a final pre-qualified list of the most competent and qualified applicants. Based on these evaluations, a list of pre-qualified applicants will be assembled. From this list the City may select the most competent and qualified applicant to negotiate a contract for architectural and design services for a Public Safety Facility Plan. The City reserves the right, at the City's discretion, to contract with a firm not included on the final list if circumstances warrant. The creation of this final list shall not be deemed as creating any type of contractual expectancy for the award of any contract(s) on the part of the City.

During the evaluation process, the Committee and the City reserve the right, where it may serve the City's best interest, to request additional information or clarifications from submitting firms or to allow corrections or errors or omissions. At the City's discretion, firms submitting qualifications may be requested to make oral presentations as part of the evaluation process.

The City reserves the right to terminate this process and to cancel or modify this solicitation process at any time. In no event will the City or any of its respective agents, representatives, consultants, directors, officers or employees be liable for, or otherwise obligated to reimburse, the costs incurred in preparation of this RFQ, or any other related costs. The prospective firms shall be fully responsible for all costs incurred in the preparation and/or presentation of the RFQ submittals. The RFQ submittals will become the property of the City.

All proposals shall be subject to the Oklahoma Open Meetings and Open Records Act unless the respondent clearly and prominently identifies a particular submittal item as proprietary and said item unequivocally qualifies for this exception under the Act as determined by the Attorney General.

## II. TIME PERIOD

The selected firm will be retained to design and provide cost estimate for a new Public Safety Facility, with the option at the City's discretion for additional architectural design services related to the Plan. The firm will be requested to provide a proposal for their services for approval by the City.

## III. LIMITATIONS

During the period a selected firm is under contract with the City, the firm will not be permitted to perform any services for any agency, developer, contractor, or individual performing work that will be submitted to the City of Grove, or any project or construction that involves inspection, coordination, approval or in any other manner that involves the City of Grove.
